### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

Claim 1 has been found to be allowable because the prior art of record either alone or in combination neither discloses nor makes obvious the projection display comprising the particular feature of the plurality of integrators being fiber integrators, in combination with the other particular combination of features recited in claim 1.

Claims 2 and 4 have been found to be allowable because they depend from claim 1.

Claim 6 has been found to be allowable because the prior art of record either alone or in combination neither discloses nor makes obvious the projection system comprising the particular feature of the plurality of integrators being fiber integrators, in combination with the other particular combination of features recited in claim 6.

Claims 7 and 9 have been found to be allowable because they depend from claim 6.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
